    Using the mind images of motion.

Break

Shock Release: review of basic course procedure. Diagnosis and treatment.
    Advanced shock release procedures
        Lower Linea Alba

Review basic use of percussion hammer.
Advanced use of percussion hammer using Rhythmic Balance Interchange, Mind, Electro-magnetic, Subtle energy, Fulcrum concepts versus physical vibration. (air hammer).

Day 2

AT Still Quotes
Review/Questions
Diagnosis of the KNEE: To tables
    Basic course review.
    Advanced topics: Inside of knee, Use of triangle

Diagnosis and use of percussion hammer on Ankles/feet.
    Basic course review.
    Advanced topics: Palpate areas of energy blockage of life force.
        Knees bent/feet together: percuss tops of arches.
Percuss sliding upward the Anterior compartment of the lower leg

Break

To tables:
    Diagnose hips
    Review Basic percussion of hips
    Adanced percussion of hip using triangle, distal triangle inside of thigh.

Manipulative technique for knee/leg. (mind versus physical doing)

Lunch

Pelvis: Diagram of the egg (Burr)
Review basic percussion of pelvis.
Advanced concepts and techniques.
Coccyx with monitor on umbilicus
L3 with monitor on umbilicus

Run the spine. (no higher than C7)

Discussion/questions

DAY 3

AT Still quotes
Questions, treatment reactions
Exercises.
Clearing and Charging (Vogel)

Solar Plexus paper. RC Fulford, D.O. Video
Emotions related to visceral organs.

Shock release: "taffy pull," Xyphoid-T 4, Use of triangles.
Percuss Greater Trochanter (right) monitor Spleen
Percuss Left Greater Trochanter. Monitor Right Chondral Mass

Break

Diaphragm: Diagnosis. "Open the doors of the Heart." (William Tiller)
Shaman

Upper extremity: shoulder-
Clavicle
Percuss band on inner aspect of humerus.
-Position patient's hand on head and percuss humeral head.
-Monitor at elbow.

Manipulative technique, triangle.

Lunch

Breath paper: Breathing exercise: Rhythmic Balance Interchange. Advanced technique (no sound)

Demonstration: Dowsing rods
Pendulum
String diagram

Discussion/Questions
End day Three

Day 4

AT Still quotes
Review
Treatment reactions
Questions

Demonstration Vogel Crystal
Information on Vogel crystals: Rumi Da, who precision cuts the crystals. (Vogelcrystals.net)
YouTube Video: Dr. Marcel Vogel – Therapeutic Use of Crystals
Primitive reflexes (retained neonatal reflexes)
Break

Cranial
Diagnosis and treatment principles
C3 (review of basic course)
Deltoid Tubercles (review of basic course)

Lunch

Cranial Percussion: Diagnosis, Percuss the abnormal vibrations only.
Advanced: Parietal eminences, Occipital/Mastoid suture, Vertex, Zygoma

Manipulative techniques: Rhythmic Balance Interchange , "Bring to a fulcrum"
Proper polarity
Vestibulo/ocular reflex to sub occipital triangle
Look to right/ move cranium to right
Look to right/ move cranium to left

Break

Discussion/Questions

Sternum: First three cell divisions (*Are We On The Path? RC Fulford, D.O., page 222*)
Sensory side of the body/emotions
Percussion of sternum

Questions/ Discussion
